Thanks for the reply!

Just to let you know I have another case we scheduled for the same day...that you did an analysis on as well as Sonja Farak and Rebecca Pontes. I am trying to get the defense attorney to stipulate to the analysis or in the alternative maybe just have you testify as to the results. Not sure if that will work but I certainly do not want to have 3 chemists coming in for the same case.

The case is [REDACTED] (analysis numbers [REDACTED])

[REDACTED] is analysis numbers [REDACTED]

Thanks again!

Jedd
